

Metal system external venetian blinds

Information at a glance

Der SonnenLichtManager

Metal system external venetian blinds

- 1 Top rail
- 2 Guide rails
- 3 Slats
- 4 Loop cord
- 5 Bottom rail
- 6 Lifting chain

► The benefits for you

- Improved dim-out through omission of holes for lifting tapes
- No visible lifting components
- The design of the bottom rail impedes the process of pushing up a lowered external venetian blind and prevents trapping when obstacles are encountered
- Perfect in living and sleeping areas, and everywhere where incidence of light could be disruptive
- Ideal as a design feature

► Features

- Construction limit values*:
 - max. width: 4,000 mm
 - max. height: 4,300 mm
 - max. area: 10 m²
- Slats: dim-out slat 90/93 mm
- Drive: motor
- Available with EasyClean coating, super-fast terrace motor
- Field of application: new building, renovation, transom and mullion facade, conservatory

*depending on type and equipment
